Smartsilk Standard Pillow Review and Giveaway

BY REVIKUS ON FEBRUARY 9, 2013 · 165 COMMENTS

[SmartSilk](#) is a natural silk filled [bedding](#) making your bed an allergy free zone, free of dust mites and pet dander. I had the great pleasure to review Smartsilk's Standard Pillow. The pillow arrived within just a few days and I was surprise at the size of the box. When I opened it up the pillow was vacuumed packed.

It said open me up and watch me grow! lol and boy did it grow.

Just look at this fluffy pillow! Besides the barrier against allergens I love that this pillow has the Smart Temperature Advantage. I have noticed as I get older I'm getting more night sweats. This pillow adjust to my temperature plus it moisture wicks making me feel dry.

Attributes of the SmartSilk Pillow:

- All natural polyester micro gel fiber filling
- All natural silk fill liner
- All natural cotton outer shell
- Moisture wicking properties help to reduce effects of night sweats
- Keeps your skin moisturized
- Water repellent non-woven material
- Breathable materials: no longer need to flip the pillow around looking for a cool spot
- Certified asthma allergy friendly

What a great pillow! My six year old even likes to sneak into my bed and takeover my new pillow. We all like to wake up without red itchy eyes! haha!

Head over to [SmartSilk](#) and check out all of their great bedding! You can also find them on [Facebook](#) and [Twitter](#).

Win It: Smartsilk has offered a Smartsilk Standard Pillow for one lucky Deal Finder Dad readers!
Thanks Smartsilk!
